November 10, 1948

Mr. Charles S. Mullin
Station Manager
Radio Station WPRU
Princeton, N.J.

Dear Chuck:

Glad to hear you will be able to scrape up a team to get beaten Saturday morning. Here are the facts. I hope to get our "team" out on the Old Campus by 10:30. That may be alittle vicious, but I assure you I'll be feeling as bad as everyone else that morning. BEER WILL BE SERVED --- DON'T bring your friends.

WPRU's wire, which I just received, is a little bit vague. I am speaking of the phrase, "Would appreciate use your phone." We do not have a phone in the broadcasting booth, and therefor have no contact with the outside world while we're on the air. I hope this information will help you.

I can be reached at WYBC all Friday afternoon, and on Friday evening until 9:30. We shall not be on the air that evening. My own phone number is 8-6283, my address, 882 Branford College. If you have any difficulties or wish to discuss the activities of the stations onthe following day, please call up or drop in. As I am broadcasting the game for WYBC, may I offer my services in helping you get set up at the Bowl on Saturday.

Cordially yours,

Howard Eaton, Jr.
Ass't. Program Director
